Digital prints and video from salvaged materials

Images above: Digital prints from salvaged photographs with computer generated drawings (CAD).
23X30 inch. 2005-2006

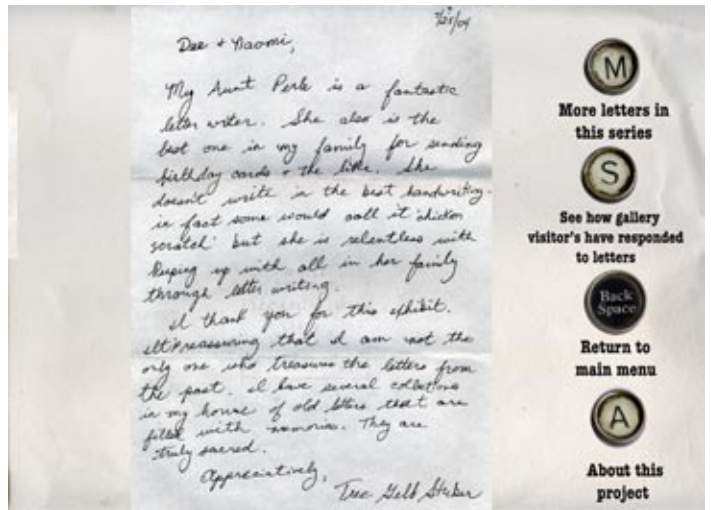

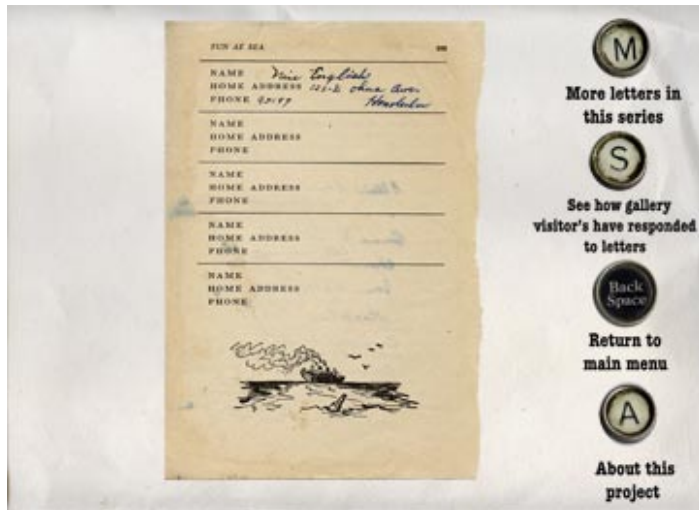

Selected Video, Prints & New Media work from Found Objects

Images above: Digital still images from 'The Why of the System' video, 2005-2006.
All images were found at the Recycling Center, San Francisco, and made into an experimental video.

Images above: Digital still images from 'File Under: More', 2005.
Objects and images were found at Elsewhere Artists project, greensboro, NC, and made into a video.

Images above: Screen shots of program for "Letters to an Unknown Friend", 2004-2007.
All letters were found at the Recycling Center, San Francisco (L), scanned and incorporated into an interactive computer program. The audience can write a response that becomes part of the program (R).
